IT'S A CHOICE ... A STATE OF MIND!!

Looking for something different to capture your audiences and inspire them to achieve more? You've found it! Let Sonu show your team their future is in their own hands. With a little attitude, a little perseverance, success is in reach.

AMAZING PROGRAMS THAT MAGICALLY INSPIRE MAGIC FROM THE H.E.A.R.T.: ADAPTABILITY, RESILIENCE, and SUCCESS

Change is inevitable, but how we choose to react to it can mean the difference between success and failure. Sonu Varkey firmly believes happiness and success are the result of the choices we make, and he wants to help others achieve it for themselves. Despite having lived most of his life with a severe heart condition and experiencing heart failure **TWICE**, Sonu believes life is "Better than he deserves." He is on a mission to help others to get off the bench and live life to the fullest with his incredible and heart-stopping story- literally.

SELL THE SIZZLE—Making the Impossible Possible

We've all heard that saying, but what does it really mean? As a sales person, you can be quite successful selling a product or service, but if you can connect with your customer and sell the benefits of your product or service to that individual customer, the customer will be much happier with the purchase. Sell the benefits, not the features. Sell your customer what he wants, not what he needs.

BE MORE MEMORABLE with H.E.A.R.T. Magic

In today's overcrowded marketplace, it's hard to stand out from the crowd. Learn techniques for connecting with your prospects and clients and for increased success and stickiness. Sonu's H.E.A.R.T method will show you how to make that authentic connection and show your clients why they *WANT* what you have to offer.

HE AMAZES HIS AUDIENCE ... EVERY TIME!!

Sonu is the perfect choice for your next speaking event. He has class, humor, and magic. Besides keeping your audience on the edge of their seats, he'll manage to teach them a thing or two along the way and leave them roaring to go!

"Amazing ... Incredible ... Unbelievable—These are just a few of the adjectives my team continues to use as they talk about Sonu's presentation. He had us on the edge of our seats and rethinking everything we knew. No one was looking at their phones! Everyone was engaged—even after he left the stage!"
